# CLIENT REVIEWS

**EKATERINA IZMAYLOVA**

Head of Internet Projects, Parus-Invest LLC

Together with Mobile Dimension, we created the «Mobile registry» solution for private clinics. The task was quite challenging, but our colleagues from Mobile Dimension showed readiness for the fast-paced interactions, engagement, high level of expertise, and ability to embrace the complicated details of business in a short time frame. All this resulted into efficient cooperation, mutual understanding and trust among our teams. Based on successful experience, we decided to work together with Mobile Dimension through other projects of our company.

**DENIS FARTUSHNOV**

Head of business automation department, «Moscow-EFES Brewery»

Mobile Dimension has implemented the mobile device management system controlling over 3 thousand mobile devices of the remotely-working employees (trade representatives, supervisors), as well as office staff members. Company's specialists demonstrated high responsibility and process engagement, quick responsiveness, and professional skills. I can confidently recommend Mobile Dimension team for similar projects in the future.
